

Umbrella Insurance

With a specialized focus on the entertainment industry, our umbrella insurance offers excess liability limits for coverages provided by your General Liability and Auto Liability policies.

Expand Your Coverage With Umbrella Insurance

In the dynamic landscape of the entertainment industry, the impact of increased litigation poses a substantial risk. The limits of your primary liability coverage may not offer the assurance or comprehensive protection your business needs. This policy can cover claims that exceed the underlying limits due to catastrophic or severe losses.

Who We Insure

Our comprehensive insurance solutions ensure peace of mind across diverse entertainment specialties, including:

Film/TV Production
